N. HOLMES, Claresholm

A FEW TRITE REMARKS ABOUT WATER SERVICE

Editor Review.—If Job had lived in Claresholm in the month of November in the year of grace 1909, it would not be saying too much to venture the remark that another severe trial of his patience would be his portion if he used for any other purpose than that of drinking, any water at all.

I am but thinking the opinion of the vast majority of my fellow citizens in this town in stating that the present condition of affairs in the water department is nothing short of a scandal. If the council made no professions of ability, the citizens would know how to proceed and provide themselves with their own independent supplies by digging their own wells, but we are continually pined "between the Devil and the deep sea" by the assurances we are continually receiving that "all will be well soon" and that "there will be a better water for everyone, two carts to deliver it" and so on. Now we are told that the shortage exists on account of the present wells having to be cleaned out, but we are continually put in debt over a week ago but small signs of progress in the work are evident so far, probably because the work has been very sparsely kept until such time as the mercury registers 10 degrees below zero at nights.

It would seem to be the idea of some members of the council that they are dealing with a settlement which has the expectations of becoming a village inside of two years, in place of providing for the wants of a town of nearly 1000 population.

The old hand-drawn excises will probably be given for the present disgraceful state of affairs, but by this time the majority of indigent and long suffering negroes and water consumers in general, have got them

all by heart and appreciate them for what they are worth. If it can be shown that the city cannot supply water at 15 cents per barrel let them charge 25 cents per barrel, but let those of the community who require and are willing to pay for what they want, not suffer from the need of this very necessary and wholesome convenience. Such a state of affairs would be tolerated nowhere else, and should not be by the people of Claresholm who are paying dearly enough for what "conveniences" they now enjoy.

Thanking you for the courtesy of your space, and trusting that those responsible for the present state of affairs may do their best and speedily remedy it.

Yours for the best interests of our town and citizens.

W. A. CORNWALL.
P.S. It would be interesting to know at what regular intervals any members of the water committee visit the wells, and how often they report to the whole council upon this very necessary department of the public service.

W.A.C.

After reading the above the Review representative investigated and found that the town wells have absolutely failed. Pumps have been changed and recharged without result. They must be cleaned out and that work is under way. In the meantime Eggers and Vanhorn wells are being used. Mayor Frost has taken charge of the work personally and is pushing it vigorously. The wells will be placed in position with the least possible delay. The water delivery will be resumed but will be kept up by the Friday at the latest.

Report On The School

The school board at its recent meeting received the report of the principal for October showing an enrollment of 191, and average daily attendance of 142.31, or 80 per cent. There were 10-60 minutes cancelled. 3 new pupils were received from outside the district. Fire drill was conducted in the individual rooms. The board also received a report from Inspector Brown in which the work of the several teachers was highly commended. The accommodation and equipment of the second primary department was commended as not subject to be conducive to good results. He also reported the work in Miss McKelvie's room Senior 3rd and Junior 4th as too heavy and recommends changes when the new school is opened, especially adding another teacher to the staff. The Senior 4th should also be removed from the Principals room and by putting the Junior and senior fourth together a new department could be formed. This would enable them to conduct a good high school department "where" continues the Inspector, "his ability will be manifest in the good results that will inevitably follow his efforts."

In concluding the Inspector writes, "Regarding accommodation and equipment I have nothing to say at this time. It is evident you are leaving nothing undone to supply these, but when the building is finished I trust there will still be something left for fencing and otherwise improving the grounds."

Mr. McKenzie Re-considered

E. W. Frost as president of the Claresholm Riding Liberal Association accompanied by the veteran campaigner ex-mayor Moffatt went to Nacled last Friday and had an interview with Malcolm McKenzie M. P. P. and succeeded in inducing that gentleman to reconsider his intention of resigning for the present. It is understood that the member for Claresholm consented to sacrifice his personal feelings and continue to give his services to the people for a while longer.

An Open-Air Risk

At a largely attended meeting in Mr. Moffatt's office on Monday night these in favor of the creation of a skating rink threshed the question out and decided not to with an open air rink this year. The skaters' scrippies were not large enough to warrant the creation of a skating and curling rink on the scale suggested and rather than have a half way rink it was decided to build an open air rink this year and await a more favorable time to build the big rink. The tender man will be asked to lease a ground formerly occupied by Moffatt & Sons as a lumber yard. This will be fenced in and a dicker made with Vanhorn & Hutchinson for a water supply. Two or three large lamps will give an abundance of light. W. A. Cornwall presided and the discussion was general. Estimates on lots, buildings etc. were given and revised and after all the talk a suggestion of Mayor Frost that the town council itself with an open air rink this year was adopted. The Mayor pointed out that the best season for making good ice would be passed before the proposed rink could be built. He sympathized with the proposal to build an up-to-date skating and curling rink but thought it would be better to have the money collected first and that seemed impossible now. He suggested securing the Moffatt Yard and building a fence around it. His worship wants a hockey rink. He thinks there is a lot of good hockey material going to waste in Claresholm. Others who took part in the discussion were W. R. Lindsay, Dr. Leam, J. E. Ardell, Eric Moffatt, A. F. Boniface, L. F. Snyder and H. W. Brownlee. After it had been suggested to do with it an open air rink a hockey club was organized and the following officers elected: President W. A. Cornwall, Vice President D. R. Vanhorn, Secretary Treasurer H. W. Brownlee, Executive R. E. Moffatt, J. E. Ardell and E. W. Frost. Dr. Leam. Shares in the rink will be sold at \$10 each and the work of construction will go on right away. The hockey club will have full control of the rink, but ample provision will be made for skating and hours will be assigned for the ladies. With favorable weather there is no reason why Claresholm should not have an excellent sheet of ice. If a Southern Alberta hockey league is formed count on Claresholm.

THE UP-TO-DATE STORE

The Town Council

There will be a supplementary by-
law necessary for the waterworks and
electric lighting plant. This much
was revealed by the report of Mr.
Turner Bone at a recent meeting of
the town council. Taking everything
into consideration the original esti-
mate was within \$3000 of the actual
cost which is regarded as pretty close
work. As a result thing the engi-
ners are about \$10,000 out. The sup-
plementary by-law however will have
to provide for taking up the old water
main and for buying a certain part
of the right of way which was not in-
cluded in the estimates. If however
the people are given an excellent
water and lighting system there will
be little disposition to grumble. It
is going to cost money. Going to cost
a little more in taxes but a man can-
not have mahogany for the same price
as spruce. The chances are that the
water system will require another
\$5,000 before everything is in ship
shape and that will pay for building
the spur track, the right way, taking
up old tracks and other expenditures
not figured on in the engineer's esti-
mate.

The petition to the legislature to
increase the borrowing power of the
town from 10 to 15 per cent was read
and received official endorsement. It
will be absolutely necessary to get
this concession from the legislature if
the town is to make the development
looked for.

It costs some to bring freight from
the East. The C.P.R. brought in
some stuff for the water system and
the freight bill was \$742. There was
only one tender for feeding and stabling
the town water wagon team.
Mr. Burnham tendered at \$22.50 a
month for "hay grain and stabling."
No mention was made of water. The
offer was accepted for one month sub-
ject to renewal.

The C.P.R. superintendent at Cra-
brook doesn't take kindly to the price
fixed for water for the proposed new
tank. Engineer Bone said every
thousand gallons pumped into the
tank would cost the town 9 cents and
the C.P.R. was asked to pay 10 cents.
The superintendent wrote that there
would have to be a material reduction

If the offer were considered. As the
town does not think it can sell 9 cent
water for less than 10 cents the price
stands. Lethbridge sells water for
8 cents put the classic Belly River
runs right by the town while Cra-
brook has to pump it in six miles.
When the C.P.R. superintendent
realizes that he would have to bring
the water in six miles were he to con-
struct a separate system he will prob-
ably regard 10 cents as cheap. Not
only would he have to pump the
water six miles but against a 300 foot
head.
Word was received from the found-
ries about the shipment of machinery.
It's all coming. When will it get
here. That's another story.

The Grain Shipments

There were twenty cars supplied
here up to Wednesday night. Six-
teen were allotted on Monday but
were not spotted until Tuesday night.
Something went wrong with the en-
gine, the C.P.R. said. Tuesday was
the last day for guaranteed delivery
at Fort William before the close of
navigation. None of Claresholm's
cars were spotted in time. Mr. Snow
assistant to C.C. Castles, chief grain
commissioner, was here this week
in response to the complaint entered
by George Wales. He assured Mr.
Wales that Claresholm was to get ten
cars a day on the average for sometime.
The allotments this week were Mon-
day 16, Tuesday 1, Wednesday 3.
Prices at the elevators on Wednes-
day were—No. 1, 77c; No. 2, 74c;
No. 3, 72c; No. 4, 69c; No. 5, 60c; No. 6,
53c; feed 40cents. Fall wheat one
cent lower.

Father Beausollet Approves

The following letter from Rev.
Father Beausollet dated High River,
will be appreciated in Claresholm.
"The effort that is being made to
build an hospital in Claresholm I
noticed with approval. Such an un-
dertaking has my heartiest sympathy,
and should the endeavor prove suc-
cessful it shall have my heartiest sup-
port. Yours very sincerely,
A. Beausollet
R. Catholic Mission.

Evangelistic Services

The two weeks special services end-
ed in the Methodist church Sunday
night. Rev. E.S. Bishop of Nanton
was the preacher and was listened to
with intent interest. He is a speaker
of exceptional ability and presented
the old gospel in a terse way making
it a decidedly attractive message.
The number who stood up as having
decided to lead a new life must have
been gratifying to the pastor, Rev. A.
B. Argue and his faithful band of
workers. Next Sunday there will be
a reception service when there will be
a number received into church fellow-
ship. The campaign was started this
week in High River after which the
circle of evil will be attacked at
Okotoks the work concluding at Clay-
ton. The Methodist Churches along
the South line have been greatly re-
freshed and many who were active in
the East and had become dormant in
the West were revived. This with the
new recruits adds greatly to the work-
ing forces of churches.

Editors Tribulations

Editing a newspaper is a fine thing
and no mistake. If we publish jokes
people say we are rattle brained. If
we don't we are fools. If we publish
original matter they say we do not
give them enough selections. If we
give them selections we are too lazy
to write. If we don't go to church
we are heathens. If we do we are
hypocrites. If we remain in the office
we had ought to be out looking for
news. If we go out, then we are not
attending to business. If we wear
old clothes, they laugh at us. If we
wear good clothes, they say we are
extravagant. Now what are we to
do? Just as likely as not someone
will say that we published this from
another paper. So we did.—Aylmer,
No. 1 Express.

Notice of Application To Legislative Assembly

Notice is hereby given that the
town of Claresholm, in the Province
of Alberta, will apply to the Legisla-
tive Assembly for the said Province
at the next session thereof for an Act
authorizing the said town to increase
the borrowing powers to 15 mills on
the dollar.

Dated at Claresholm this eighth
day of November, 1900.
H. O. Haslam,
Solicitor for the Applicant.

A Remarkable Preacher

A young preacher who was staying in a clergy house in the habit of returning to his room for an hour or more each day to practice pulpit oratory. It is such times as he filled the house with sounds of terror and confusion, and emptied it of every thing else. Phillips Brooks changed to be visiting a friend in the house one day when the building orator was holding forth.

"Glorious me!" exclaimed the bishop, starting up in assumed terror, "what a night! that man is a demon!"

"Set down, bishop," his friend replied, "that's only young D.— practicing what he preaches."

Mina's Liniment relieves Neuralgia.

"Did you ever know a girl to die for love?"

"Yes," said the old man.

"No she just faded away and the doctor said she died of heart failure."

"No. She just took in washing and went to bed five years ago as you did last time you had a birthday?"

A cough is often the forerunner of serious pulmonary affections, yet there is a simple cure within the reach of all in Bickle's Anti-Congestion Syrup, and old-time and widely recognized remedy, which, if resorted to at the inception of a cold, invariably gives relief, and by overcoming the trouble, guards the system from any serious consequences. Price 25 cents, at all dealers.

After Menstruation

"That night your brother has given his motor to a well known firm."

Yes. He says his father taught him to take his wagon to a star."

A WINDSOR LADY'S APPEAL.

A Real Specialist

There is a story told of a Welsh doctor who went to settle in a Kentish village and the first night of his arrival he was sent for to attend a child. He looked at the little sufferer very attentively, and then delivered this opinion:

"This baby's got the measles, but ain't posted up on infectious disease, so we must approach this case by circular treatment. You give the little child this draft. That'll send him into fits. Then send for me. I'm a stunner on 'em."—Tit-Bits.

Disfiguring Torturing Skin Trouble

Cannot be Cured by Salves and Ointments—The Blood Must be Purified.

Always on the Go

Mayne—"I understand the man Elvins, engaged to be a great traveler."

Edith—"Yes, indeed! He's a street conductor."

"Terrible cold you have."

"Yes," answered the clergy citizen, "Isn't it lucky! I can't smell the north wind."

Women are always saying: "No man knows what it is to be a woman."

Some people register their kicks, but never vote their minds.

Mina's Liniment Cures Burns, Etc.

Many a large man indulges in small talk.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Gray's Worm Exterminator.

Jumping at conclusions has resulted in the downfall of many a good man.

Sores Heal Quickly—Have you a persistent sore that refuses to heal? Use Mother Gray's Sore Healer.

THE SUNDAY SCHOOL

Lesson VIII.—Fourth Quarter, For Nov. 21, 1909.

THE INTERNATIONAL SERIES.

Text of the Lesson, II Cor. xi, 21, to xlii, 10—Memory Verses, 23—24—Gold Text, II Cor. xlii, 3—Commentary Prepared by Rev. D. M. Starnes

Clareholm Review.

ESTABLISHED 1904.

Printed and published weekly at Clareholm, Alta.

\$1.50 per year. Single copies 10c.

T. W. QUAYLER, Editor.

CHANGED HIS MIND

Mr. Malcolm McKenzie who had announced through the newspapers his intention of resigning as member for Clareholm has on the solicitation of Clareholmers decided to continue to represent the seat for a while longer at least. Mr. McKenzie despite his ill health has consented largely through a desire not to plunge the riding into a campaign in the holiday season. If he were to resign and no election were called for until after New Year's the riding would be unrepresented during the period just prior to the opening of the legislature. As there will be more or less legislation directly affecting this riding the absence of a representative would be felt. Mr. McKenzie has decided to sink his own feelings in the interests of the riding. Incidentally it may be pointed out that Mr. McKenzie's expression of determination to resign brought forth a lot of eulogy from the press and the member for Clareholm realized that life death-squintism is one of the two factors which play the biggest part in bringing into public view the virtues of a public man. Some of the papers which in the Federal campaign held him up to obloquy felt that his prospective retirement from public life was an opportunity to shed his over his not being given cabinet honors. Such are the ways of political life.

MACHINE TACTIC REBUKED

The Liberals lost a riding in Ontario, North Essex, through the method that is going to cost the parties more seats in the future. There was no more cause for dissatisfaction with the Laurier policy in North Essex than there was in West Middlesex for instance, where the majority was increased from 12 to 155. The defeat in North Essex was due to machine methods in securing nominations. W.J. McKee was practically fostered on the party and carried the convention by one vote. He was not wanted and wouldn't have had a look in it had not been for those organizing tactics which frequently help unworthy men into position. The consequence was that on polling day many men who usually vote Liberal joined with the Conservatives in giving McKee what is hoped will prove his electoral quittance. The use of machine manipulation of conventions is passing rapidly in this country and one of the surest ways of bringing about a name defeat is to "muck" him into a nomination. The United States had a long experience with the machine element, it is still strong but the increasing influence is working in that country and the revolt will not long be delayed.

MR. BORDEN'S MISTAKE

The people of Western Canada will not take kindly to the view of Mr. R. L. Borden that the G.T.P. will be of little use in the development of the west. Mr. Borden is making a mistake and one would think that the attitude of the Liberals towards the G.T.P. in the coming days would have been sufficient warning to any modern statesman. While the Liberals did not oppose the construction of the G.T.P. R. there was so much unnecessary criticism their attitude was construed by the majority of people as antagonistic and it took years to overcome the prejudice created in the popular mind. Mr. Borden seems to be assuming a similar attitude towards the Grand Trunk and the Review is much mistaken if he does not live to be sorry for it. The G.T.P. will play an important part in the upbuilding of the West and so will the C.N.R. The C.P.R. has done a valiant stunt but the country has passed beyond its capacity and the co-operation of other roads

is a necessity. The Review believes that long before the G.T.P. is paid for still another road across the prairies will be necessary. Mr. Borden is well within his sphere in fair criticism of the cost of construction and insisting on a proper expenditure of the money but he fails in statesmanship in making remarks which were credited to him in addresses in the recent Ontario elections. In the past political history of Canada counts for anything it should count materially in keeping present day statesmen from repeating the mistakes of the past.

"Was rather wintery wasn't it?"

The clear frost and the snow cleared the air and will bring a blessing in the form of healthfulness.

The cry for cars brought the Assistant Grain Commissioner here and Clareholm has been promised at least ten cars a day.

Those who owned a sleigh had the pleasure of a drive. Sleigh drives are a novelty on this stretch of the prairies.

Don't lose faith in Clareholm. It has a bright future. A few bumps may be encountered but courage and progressiveness will overcome them.

Clareholm is the best advertised town on the map these days. We at least owe the C.P.R. thanks for that. The big railway company is not without its virtues.

Mr. Magrath doesn't believe in Canada building warehouses. He favors Canada sending the money over the ocean and letting other people build them. He has Mr. John Heron as a supporter.

A writer in the Calgary Alberta says there is real enough around Canada to do the world for years to come. If every other town is being treated like Clareholm the truth of the saying is surely established. The supply should last forever.

A bunch of aspiring politicians have had a crimp in their ambition by the decision of Mr. McKenzie to reconsider his previously announced decision to resign. However, ambition is laudable and honorable. For proof read the oration over the dead Caesar.

The citizens of Lethbridge on Tuesday night without reference to politics emphasized their regard for the Hon. W. A. Buchanan by tendering him a banquet under the auspices of the board of trade. It was also a recognition of the honor done the city in naming its brilliant citizen to cabinet rank. Mr. Buchanan has been given a great opportunity and his friends are looking him to make good.

The following dispatch appeared in the Eastern newspapers:

Edmonton, Nov. 11. Premier Robertson's recent appointment to the C.A. Cabinet of two journalists has not pleased the farming members of Southern Alberta, and today Malcolm McKenzie, of Macleod, sent in his resignation. Mr. Wolff, member for Gordon, will also resign, and other resignations are anticipated.

The "farming members" from Southern Alberta has a funny thought. The Edmonton scribbler who sent out the dispatch has missed his calling.

Clareholm is assured of a good deal of skating ice and a good hockey club if the citizens come up with the needful and there is no reason why they should not. Its duty of a town to provide amusement for its young people. In short to make the town a pleasant place to live in. It makes the people really think they would like to make the town their future home. So strongly does this get impressed into the minds of Saskatchewan the legislature is being asked to authorize the municipalities to raise money to build rinks.

If Hon. Richard McBride pulls through in British Columbia, the chances of his resignation have deserted him and with Sir Edward Tupper's support, against him he certainly will prove himself a strong man. He is a "creative" sort, has a magnetic personality and this bearded with the golden stream from Don Munro's coffee may help him out. He is putting up a spectacular fight and it must be remembered that the Liberals have not been asleep while opportunity knocks. John Oliver, F.C. Wade and other leaders are fighting hard. The last election McBride got a solid 14 from Vancouver and Victoria and did not do so well in the inland. His defeat is quite possible, as to its probability the Review does not know.

The Time TO Make Money

Isent the beginner of things. We are selling and selling rapidly our large tract of farm lands on the Arrow Lakes. The time has already made good. The market is practically unlimited. The time to make money.

Is When YOU

Get The Chance

No fruit lands in America are sold at a fair price or on more favorable terms than ours. No fruit lands in America are more productive. This is a strong claim. Let us show you the property and explain how we can make such terms.

HERES A CHANCE FOR EVERYBODY

Whether it be the home seeker or the investor. Nothing sure in either line. Call or write.

The

Arrow Lake Orchards

ED. McCANDLISH, Clareholm Agent

M. Freeman, General Agent, Lethbridge.

WHEN YOU BUY FRUIT LANDS,

Why not buy them where there is the most money to be made off them? If you do

Creston District is the place

WHY Our land is just as good, our climate cannot be beat and we are 24 to 60 hours nearer the market.

Let that encourage enough that Creston District is the place to buy fruit lands? We have 500 acres in our tract and we are subdividing it in ten new lots. One price is .80¢ per acre, one-fifth down and balance in one, three and four years at 6 per cent interest. The C.P.R. Railway runs through this land.

For further information write to:

Chi. Fly Claresholm

C. Du was in Calgary this week.

Mr. T. Kingsley was a visitor in Pioneer Creek last week.

Mr. James Nelson of Barons was in Claresholm on Friday last.

Dr. Merburn of Lehighide was in town Monday and made a number of professional calls.

C. W. James was in High River Monday and was initiated a member of the Royal Arch Masons.

Mr. and Mrs. W. C. Burnham have gone to Utah to visit friends, this being their first visit in six years.

Sup-Major Schoof has bought a fine new Moson-Risch piano which was installed in his home this week.

The big open troupe which gave a concert here Wednesday night used a Moson and Risch piano loaned by T. M. Hing.

The fuel famine was broken this week by the arrival of five cars of coal on Wednesday. It looked good for those with empty bins.

C. W. James reported the sale of John R. Clark's real estate to Mr. William of Buffalo, N.Y., cousin of D. A. Mackinnon, Monday evening.

Mrs. James Simpson who has been visiting here for some time, left this week to join her husband who has been appointed to a station agency on the main line of the C.P.R.

The machinery for the electric lighting plant is all here, excepting one which will arrive before that here is placed. The current should be turned on before Christmas.

James Mair of London, England, examiner for the Royal Academy of Music and Royal College of Music, was in town Tuesday and was the guest of Mr. W. G. Moffatt.

Mrs. W. G. N. Johnston and Miss Graham went to Calgary Wednesday to meet Mrs. Johnston. She, who was returning from visiting friends at Ponoka, on her way home to Aurora, Ontario.

The English Grand Opera Singers and Symphony Orchestra drove a good home here Wednesday night and were worthy of it. The company was all that was claimed for it and music lovers were given a real treat.

The snow storm made business quiet for a few days but its living up to it. Now would be a good time to start Christmas buying before the big rush and before the stocks are handled too much. The early bird gets the bargain.

Baldwin & Rigby have sold their possessions to N. S. Acord and M. M. Anderson. They take control at once. Mr. M. A. Rigby goes to Teller to assume the superintendency of the Golden West mine which is owned by Claresholm capitalists.

Mr. Finlayson has a big bunch of magnificent heavy draught Clydesdales which he has just brought from Scotland. He has them in the big ranch and before the stocks are handled too much. The early bird gets the bargain.

JAMES CLARK

FOR THE AUTUMN WEATHER

Plants of home remedies are always needed and should be kept in stock before winter. Glycyrrhine, Yarrow and Gold Cream for chapped hands, lips, and chafing. Couch remedies for colds, and Liniments for Rheumatism, cuts and bruises. We have all these, and everything else used in a first class drug store.

MEDICAL HALL,

W. G. N. Johnston a Proprietor.

Dr. and Mrs. Wallin of Barons were in town Friday.

Rev. G. C. Pidgeon D.D. will preach in the Presbyterian Church on Sunday at the forenoon service.

Mr. George Harcourt, Deputy Minister of Agriculture was in town Monday the guest of his brother-in-law Mr. N. G. Perry.

Mr. John Atkins who is a home-steader near Carmangy was called to Chatham, Ont. a telegram being received that his father was dangerously ill.

C. S. Hotchkiss went to Macleod on Friday to meet the new provincial Board for the first time. A number of Southern licenses were dealt with.

The Pacific Farmers' Telephone Company has been re-organized and will be run on a business like basis in the future. E. W. Frost and O. A. Berg have been appointed directors and if the farmers co-operate there should be a service fully adequate to the demand.

A little child of Wm. Powers, who lives West of town is recovering from an overdose of cough syrup which for a while gave promise of serious results. In some way the little one got hold of the bottle and drank a quantity beyond the limit of discretion. The medicine contained a large percentage of morphia.

The Knights of Pythias hall in Claresholm is now open to the public and is most enjoyable and well appointed. The floor was in good shape and for those who didn't shoot what tables were provided. The refreshment was served by J. B. Pusey and choice and by means the best on available facilities of the evening. The music was that of a band provided by Messrs. MacDonald, Wilson and Eddy. After paying all expenses the lodge has \$25 to turn over to the hospital treasury.

Mrs. W. G. N. Johnston and Miss Graham went to Calgary Wednesday to meet Mrs. Johnston. She, who was returning from visiting friends at Ponoka, on her way home to Aurora, Ontario.

Four Years Ago

We Advised You to Buy

"Sunny Southern Alberta" Lands

at \$7.00 and \$8.00. Today these same lands are selling readily at \$25.00 and \$30.00 an acre. Every person who followed our advice last year, all became independent, others made fortunes.

Today We Say Buy Lots in Chin

The new town on the main line of the C. P. R., between Lethbridge and Taber, in the heart of this most prosperous farming district.

When we started Warner three years ago there wasn't a settler within 25 miles. The land all about the town is now occupied and prices on real estate have advanced over 300%. The town of Chin bids fair to do better than this. Its establishment is urgently needed and actually demanded by the prosperous farmers on 200,000 acres of the best farm land on the American Continent which surrounds the site selected. There is no other town closer than Taber 13½ miles away. If the surrounding country makes a town Chin is sure to become a busy market place and a live town in two or three years.

We guarantee a 50% increase in values in four months. We can't tell how much more within a year. But the opportunities for profitable investment, to say nothing of the business opportunities now open in the building of this new town of Chin, come only once in a life time. Do you want to share the profits?

Several lines of business have contracted to locate here. The sites for School, Church, Postoffice and City Market are donated by us and a city well is started. Everything points to a wonderfully quick sale of the lots. Business lots range in price from \$100 to \$500; Residence lots from \$25 to \$200.

THREE LOTS FREE

To stimulate immediate sales we are going to give away three lots. Every purchaser of a lot, regardless of price, will stand a chance of getting a present of a lot, by guessing the nearest number of lots sold up to the time the fifty per cent increase takes place. The first purchaser to guess the exact number, or nearest to the exact number of lots sold will receive a \$500 lot, the second nearest in number will receive the \$300 and the third one the \$100 lot.

Send for full particulars if you want to make some money.

A Prominent Preacher

Next Sunday the morning service at the Presbyterian Church will be conducted by the Rev. Geo. O. Pidgeon D.D. of Westminster Hall, Vancouver. Dr. Pidgeon was recently a prominent minister in the city of Toronto and the Presbyterian Church has shown her confidence in his ability to guide the coming ministry by appointing him to an important professorship in her college on the Pacific Coast. Dr. Pidgeon is on his way East and is stopping at one or two points on the way. He will preach here in the forenoon and in the afternoon at Granum and every one who can should seize the opportunity of hearing him.

Mail Contract

Sealed tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 10th December for the conveyance of His Majesty's mails, on a proposed contract for four years, twice per week each way, between Carmanagay and Reid Hill via Clerville and Thigh Hill to commence at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the post offices of Carmanagay, Clerville, Reid Hill and Thigh Hill and at the office of the Post Office Inspector.

D. A. BRUCE,
Post Office Inspector.

Indians and the Game Laws

Hunters who have returned from the hills complain that a big bunch of Sioux Indians from the Morley reserve have frightened away all the deer and other big game. The Indians do not pay a license and are on the spot in large numbers playing havoc with the game. They are reported as being quite saucy with the white hunters. While no man wishes to deprive the aborigines of the privilege of hunting it is rightfully said that they should be called on to respect the laws for the protection of game and to hunt in season. The Indians are natural hunters and when they get out in bunches and slaughter wholesale it is time for the Majesty of the law to assert itself. Quite a number who went into the hills to shoot complain of the tactics of the Morley Indians.

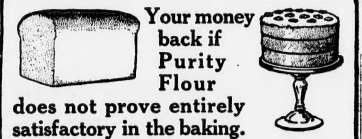

Direct Draft Damper
at Front of Stove
Where it is Easy to Turn

No reaching across a hot stove and over steaming pots to turn direct-draft damper on Sask-Alta. It is placed right at front of stove (see illustration) where a child can readily operate it.

Sask-Alta Direct Damper insures your arms against scalding by steam, and fingers from being burned. But you cannot get this feature in any other range. It's patented—an exclusive Sask-Alta improvement.

For sale by TESKEY & ROBERTSON

Your money back if Purity Flour
does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and cent side of it. Buy high-quality flour. That means PURITY FLOUR. The first little extra cost is more than made up by the extra number of loaves of bread it makes—by the superiority of the loaf and pastry in sweetness of flavor and nourishing qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

"MORE BREAD AND BETTER BREAD"

PURITY FLOUR

You can buy as little as a 7 pound cotton bag or in 14, 24, 49, and 68 pound sacks. Also in barrels and half-barrels.

Purity may cost a little more than some flours but you'll find it more than worth the difference. To be genuine, must bear the Purity trade mark.
